The National Utility Contractors Association of Metro DC (NUCA OF DC)

NUCA is the National Utility Contractors Association – the leading trade association working solely for the utility construction and excavation industry in the United States. The Washington DC Chapter was founded in 2012, to bring together the firms that are located in and work in the District of Columbia, and the surrounding metro area.

NUCA of Metro DC's Mission: NUCA of Metropolitan Washington DC is a powerful group of contractors, suppliers, engineers, utility owners and supporters, dedicated to promoting the utility contracting and excavation industry through safety, education, advocacy and industry relationships.

NUCA of Metro DC Committees

- Events
- Government & Industry Relations
- Membership & Marketing
- Safety & Training

Committees are open to all members to join. The strength of the association lies within the participation and support of our volunteers.
